### How we help:

The Salvation Army provides specialist support for all adult survivors of modern slavery in England and Wales through a government contract which was first awarded in 2011. We provide specialist support to protect and help survivors of this heinous crime as they rebuild their lives. We also provide grants through our Survivor Support Fund which gives additional help to survivors as they move towards independent living, such as paying for rental deposits and furniture to help survivors move into a new home.

If you are concerned that someone may be a victim of modern slavery, please contact our confidential referral advice line **0800 808 3733** which is available 24/7.
